PAYMENT INFORMATION

Terms to Know:

- **Deductible** - The amount you have to pay out-of-pocket for expenses before the insurance company will cover the remaining costs.
Ex. Patient has to pay \$400 before the insurance company will cover services at a certain percentage.
- **Co-pay** - A small fixed amount required by the health insurance to be paid by the patient for each service.
Ex – Physician agrees to accept \$50 for payment of service; patient pays \$20 and insurance pays remaining \$30.
- **Co-insurance** - The patient and the health insurance share costs incurred after the deductible is met.
Ex. Patient has met a predetermined deductible amount; insurance will pay 80% of costs for services and patient is responsible for 20% of costs for services.
- **Out-of-pocket payment** - With some insurances, there may be an out-of-pocket (“OOP”) max of, for example, \$5000. After this amount has been reached, the insurance will increase reimbursement to 100% of the allowed amount for the service. This usually includes the total of deductible and coinsurance.
Ex. Patient has satisfied their \$400 deductible, and co-insurance amount of up to \$2000. Services will now be paid at 100% by insurance company minus their co-pay of \$20.00.

Some payors will not apply an office visit co-pay after the OOP max is reached, while others will.

Payment in full is due at the time services are rendered:

- Co-pays, co-insurance amounts, deductibles, and all non-covered charges are the insured/patient’s financial responsibility and are due during the check-in process. Failure to produce payment at check-in may result in an additional charge or your appointment being rescheduled.
- Any medical services that are considered by your insurance company to be non-covered, out of network, or not medically necessary will be your responsibility and will not be eligible for any discount in accordance with state and federal law, as well as participating agreements with payers.
- If you receive more than one type of service on the same day, you may be responsible for more than one co-pay depending on your insurance.
- Any balance incurred after insurance has processed claims will be due in full within 30 days.

Waiver of Patient Responsibility:

- The practice will not waive, fail to collect, discount co-payments, co-insurance, deductibles, or other patient financial responsibility in accordance with state and federal law, as well as participating agreements with insurance payers.

“In Network” vs. “Out of Network” insurance:

- Your insurance coverage and benefits are a contract between you and your insurance company, or you and your employer if your employer has a self-funded plan. Accordingly, all disputes must be handled either between you and your insurance company or you and your employer.
- We have contracts with multiple insurance companies which make us participating providers with those insurance companies and allow us to accept assignment of your insurance benefits.
- If you have insurance coverage under a plan with which we do not have a contract, it is unlikely that your out-of-network benefits will cover our services. Accordingly, you will be treated as a self pay patient. Payment will be expected at the time of service.
- MAR, with respect to out-of-network benefits, will supply patients with an itemized print out of services rendered. We encourage patients to
